

DRAWER SHEET RACK

Sheet rack with 8 to 12 roll-out drawers

The Skanveir drawer sheet rack keeps your different sheet sizes in neat order, separated in compartments of pull out drawers. The system offers a dramatically increased storage density and ergonomical and rapid handling of sheets.

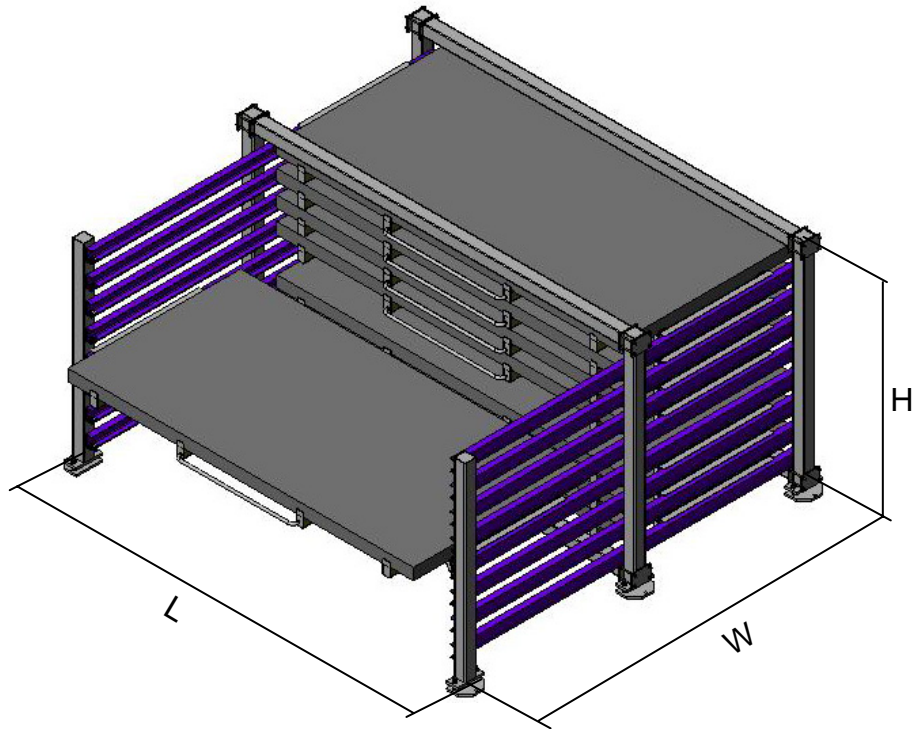

The drawers pull out to full extension, enabling the vacuum lifter to grip directly from above. The practical solution of drawers - centering and fitted with roller bearings - allows easy moving of sheet packs up to 3000 kg.

Advantages

- Substantial saving in floor space
- Eliminates damage to sheets
- Rapid sheet handling
- Ergonomic to operate

The centered drawers can be pulled out easily. Sheets are ergonomically unloaded with Skanveir vacuum lifter.
